

# Building IT Pathways Across the Spectrum

High School District 214

---

**Dan Weidner**

Director of Academic Programs and Pathways

**Krista Paul**

Assistant Director of Career and Technical Education

---

# Career Pathways Theory of Action

High School District 214

## Making High School Relevant

High School District 214

## Career Pathways and Community Partnerships

"The restructuring of academic programs along career pathways elevates the rigor and relevance of elective coursework to more closely align the goals of a core curriculum with the demands of a continually evolving technology driven economy. For our nation's high schools to be relevant in this new economy, they must serve as an integral part in a students progression toward a career pathway informed by workplace learning experiences."

### Partnerships with Promise

Business Horizon Quarterly, October 2014  
US Chamber of Commerce Education Foundation  
Dr. Lazaro Lopez, Associate Superintendent

<http://bit.ly/D214Pathways>

## Academic Readiness for College and Career

Not only do students in early college credit meet qualifying student criteria, they experience college level work in their field of interest

**Power of 15:** Students who earn 15 credits are twice as likely to complete

Align Career Pathways with a goal of ensuring all students are college ready in English and Math

Class of 2016  
34,565 credits of potential early college credit earned

## Redefining Ready!

### Career Ready Indicators

Students are **Career Ready** if they meet either the academic indicators **OR** standardized testing benchmarks listed below.

### Academic Indicators

69% 2 or out of 4) and **one or more** of the following academic indicators:

- Advanced Placement Exam (3+)
- Advanced Placement Course (A, B or C)
- Dual Credit College English and/or Math (A, B or C)
- College Developmental/Remedial English and/or Math (A, B or C)
- Algebra II (A, B or C)
- International Baccalaureate Exam (4+)

### Standardized Testing Benchmarks (minimum score)

- SAT Exam: Math (530) | Reading and Writing (480)
- ACT Exam: English (18) | Reading (22) | Science (23) | Math (22)
- College Readiness Placement Assessment (determined by post-secondary institution)

### Additional Factors that Contribute to College Success

Earning As, Bs, Cs; FAFSA completion; enrollment in career pathway course sequence; college academic advising; participation in college bound bridge programs; senior year math class; completion of a math class after Algebra II.

### Career Ready Indicators

Students are **Career Ready** if they have identified a career interest and meet two of the behavioral and experiential benchmarks listed below. In addition, students entering the military upon graduation must meet the passing scores on the Armed Services Vocational Aptitude Battery (ASVAB) for each branch of the military.

Career Cluster (identified and **two or more** of the following benchmarks:

- 50% Attendance
- 25 hours of Community Service
- Workplace Learning Experience
- Industry Credential
- Dual Credit Career Pathways Course
- Two or more organized Co-Curricular Activities

# Career Pathways

## High School Re-envisioned - Career Programs of Study

### Engagement through Relevance: Guiding Principles

1. Sequence of courses that lead beyond high school
  2. Workplace learning experience that provides students with real-world understanding of career areas through internships or problem-based learning experience
  3. Opportunity to earn career certification/college credit
-

# Pathway Development Process

High School District 214

A systematic approach of engagements, development, and deployment efforts allows for replicable and scalable career pathway efforts.

1. Advisory Team
  2. Research & Evaluation
  3. Pathway Development
  4. Implementation & Funding
  5. Redefine High School Workplace Learning
-

# Pathway Development Process

## Advisory Team

- **Bring together representative team of district, building, post-secondary education, and industry/community leaders**
- Gauge interest and support
- Develop broad buy-in
- **Discuss scalability**

## IT Pathway Efforts

Critical issues seeking feedback

- How do we best develop relevance and engagement?
- What does the IT career pathway look like for the next generation of careers?
- What are key sectors?

Limited initial capacity of support

- Tapped into state-wide discussions
  - Alumni and personal connections
  - Utilized in house professionals
-

# Pathway Development Process

## Research and Evaluation

- **Review job outlook**
- ID existing program models
- ID college course/degree offerings and required teacher credentialing
- Identify potential certifications
- Research external experiences and workplace learning opportunities
- Identify resources needed, budgets, external funding sources
- **Identify teacher capacity and professional development needs**
- Identify success metrics

## IT Pathway Efforts

### Job Outlook - High Wage/High Need

- Bureau of Labor Statistics
- H-1B Visas (DOL Youth CareerConnect grant)
- STEM Learning Exchanges

### Teacher Capacity/PD needs (2013-14)

- 6 business education instructors with computer science teaching experience district-wide
  - 2 computer science courses, 2 networking courses
-

# Pathway Development Process

## Pathway Development

- Identify potential courses
  - Develop new course proposals
  - Share DRAFT course sequence with stakeholders
  - Identify extensions to the classroom (summer, co-curricular, field trips)
  - Develop bridges between secondary and post-secondary opportunities
  - **Engage in curriculum development**
  - **Teacher professional development**
  - **Partner with industry for potential workplace learning opportunities**
- 

## IT Pathway Efforts

- Created a 4-year IT career pathway plan with development, pilot, and deployment time periods identified
- In- and out-of-district professional development opportunities for existing and new IT instructors
  - Mobile Makers
  - AP workshops
  - Graduate coursework
  - In-district curriculum and planning
- Industry connections and workplace learning development

# Pathway Development Process

## Implementation & Funding

### → **Develop teacher led advisory team**

- External partner engagement
- Determine sustainability of district support
- Pursue supplemental funding sources
- Development and support of external experiences and workplace learning opportunities

### → **Develop internal and external marketing materials**

- Collect data according to pathway metrics
- Identify opportunities to scale
- Review and modify as needed

### IT Pathway Efforts

- Career Pathway Teacher Lead Model and Advisories
  - Cybersecurity Working Group
  
  - Counselor and Teacher Career Pathways Internal University
  - Career Pathway Marketing Materials
  - Targeted messaging based upon career cluster identification
-

# Pathway Development Process

## Refine High School Workplace Learning

- Student internship and workplace learning experiences primarily provided after junior through senior year
  - Students with transition services may extend this timeline through age 22
  - Students are individually placed with employers based on interest and preparation in program of study
  - Students with disabilities begin simulated workplace experiences at school site and progress through tiered levels of modified support depending on need
  - Employer partners with a Career Discovery Advisor assigned to his/her cluster
  - Employer provides an internship experience in one of two ways:
    - Micro-internship: Project-based 1–3 weeks in duration
    - Traditional: Semester long experience 6–16 weeks in duration
  - Internally develop and expand opportunities through on site micro businesses
-

# Pathway Development Process

## Refine High School Workplace Learning

### ***A shift to ONE common vision***

→ **Old Model - 2 Departments/2 Associate Superintendents**

- Teaching and Learning
  - CTE, Elective Academics, Traditional Internships
- Student Services
  - Counseling, SpEd, Vocational Placements, Transition Plans

→ **New Model - 1 Department/1 Associate Superintendent**

- Coordinates entire student academic experience
- Center for Career Discovery created from SPED and Gen Ed resources

### ***Career readiness services, programs and events designed to support students' career development.***

#### **Assistant Director of CTE**

##### **CTE Programs Supervisor**

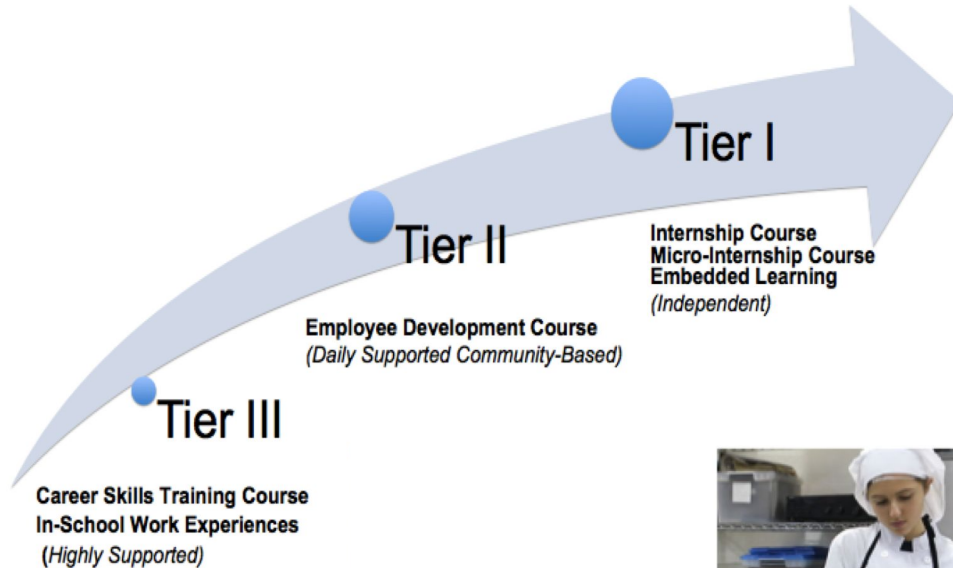

- Building/School Based Career Advisors (6)
- Community Based Career Advisors (2)

##### **Vocational Programs Supervisor**

- Vocational Evaluation Coordinator (1)
  - Job Placement Specialists (5)
  - On-site Job Coaches (11)
  - Discover IT Advisors (4 - Federal DEI IT Grant)
-

# Center for Career Discovery

Refine High School Workplace Learning

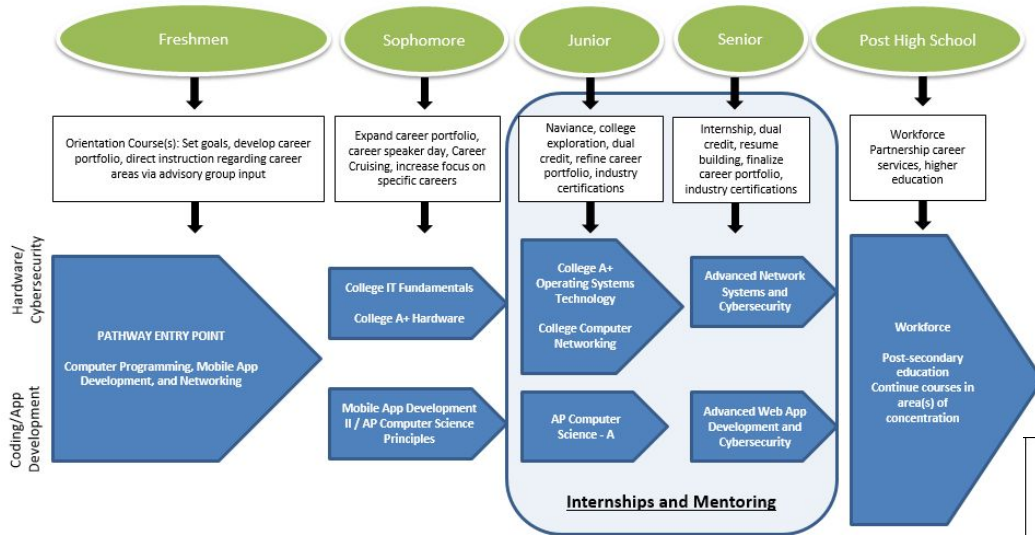

## Program Highlights

- 950+ Industry Partners
- 2,750 workplace learning experiences (2016-17)
- Combination of embedded and external learning experiences

# D214 IT Career Pathways

## Programs of Study and Enrollment Trends

- 20+ College Credit Hours
- 4 Industry Credentials
- Internship Experience

### Early College Opportunities

College IT Fundamentals (3 hours), College A+ Hardware (3 Hours), College A+ Operating Systems Technologies (3 hours), College Computer Networking (3 hours), AP Computer Science Principles (3), AP Computer Science – A (4 hours), Advanced Network Systems and Cybersecurity (tbd), Advanced Web App Development and Cybersecurity (tbd)

### Certifications

CompTIA IT Fundamentals, CompTIA A+, CompTIA Network+, CompTIA Security+

### External Experiences

District Internship Program, Micro-internships
